COURSEWORK

UNDERGRADUATE

Data Structures and Algorithms
Machine Learning
Advances in Web Technologies
Operating Systems
Database Systems
Computer Networks
Object Oriented Programming

SKILLS

PROGRAMMING

Languages

Experienced:-

- Python • JavaScript
- Node JS • Express JS

Intermediate:-

- C++ • React JS • Mongo DB
- HTML • CSS • Bootstrap
- Pandas • Numpy • Scikit Learn

Familiar:-

- Java • MySQL
- Git • Agile

INTERESTS

Productivity
Reading
Music
Badminton
Roller skating

EXPERIENCE

MOLOG-MEDIA & ADVERTISING | BACKEND DEVELOPMENT INTERN

Oct 2021 – Dec 2021 | Remote

- Significantly reduced development time for API endpoints for supporting the mobile application with the existing web application's data.
- Increased user registrations by 27% with additional features for the users for easy access to their data.
